

**NEW FROM LOCKHART**

**ETHANOL GEL CHAFING FUEL**

**New!**

# GEL FUEL (ETHANOL)

Brand new Prepara Ethanol Gel is the new environmentally friendly food warming solution. It is easy to light, clean burning and consistently generates the maximum heat to maintain food temperature.

**EASY TO OPEN**

**SUSTAINABLE**

Sustainable, bio-based concentrated formula provides a safe and clean burning performance.

**ECO FRIENDLY**

**SAFETY**

The fuel won't spill out when tipped over.

**ANTIRUST AND ANTISEPTIC**

Double-sided antirust and anticorrosive coating.
